Sunday School Grade 12

A.G.A.P.E. Curriculum

- Inclusion is an important aspect of the social and learning paradigm of individuals with special needs.
- Stewards serving children and youth with special needs should try to integrate the students in the mainstream classes for as much time as can be tolerated by the student with special needs.
- Integration and inclusion foster friendships among the same age peer group.

Preparation for Winning Others to Christ.

Lessons for Filler Lessons

- **Lesson Outline: # 3**

- In the Sermon on the Mount, Christ emphasized the role of His followers towards the rest of the world. And the importance of our mission as His representatives on earth.
- Our Christianity survived only because of the faith of those who faced persecutions. And those who shed their blood.
- If we don't do it, this chain of witnesses will be weakened. St. Paul rejoiced in the souls he saved and brought to Christ.
- Our Lord Jesus Christ tells us that the work is plentiful but the laborers are few. God equips us through His Holy Spirit with gifts that help us spread the Good News of salvation.
- We should always use the gifts and talents entrusted to us. Each has a role. We should refer to authority for answers when we don't know.
- Our actions, the way we go about living our life, could be very useful to spread the Gospel. There are many examples of this "silent" evangelism.
